

Returning Student On-Campus Housing Roommate Search/Confirmation Guide

- 1. To log onto Housing Self-Service, first, visit DataVU (datavu.valpo.edu).
- 2. On the homepage of the student menu of DataVU, you'll see the section labeled **Campus Services** and a sub-section labeled "**Housing and Meal Plans**" to access any housing applications available to you (pictured below).

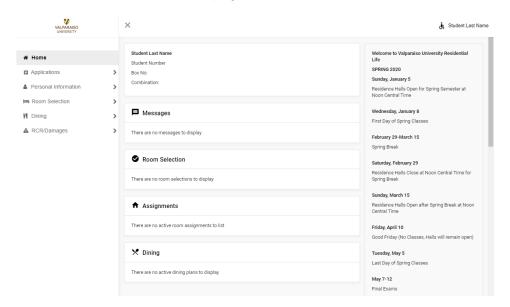

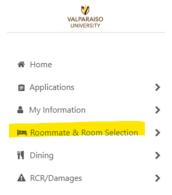

3. You'll then be asked to **log in with your Valpo user information and password**. Once logged in, **click on the hyperlink** to log into the Housing and Meal Plan Self-Service Portal.

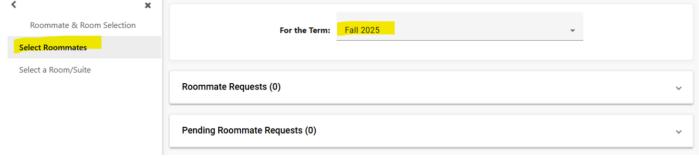

4. Once your login information is confirmed, you'll be taken to your "**Housing Self-Service Portal**" **homepage**. Please make sure all the information on this page is correct.

- 5. As a returning student, **you will be required to find at least one roommate in order to pick a room** (for returning students who apply during the <u>Room Selection process</u> that takes place in the spring semester-those that are already/currently living on campus). If you **don't have a roommate**, you will not be able to pick a room. Once inside the Housing Self-Service Portal, click on ROOM SELECTION in the menu to the left.
 - a. If you are completing the Returning Student Housing Application outside of the Room Selection Process timeline, you will be able to find/confirm a roommate through this process and our Res Life staff will pick your room based on your room/hall preference listed in your application.

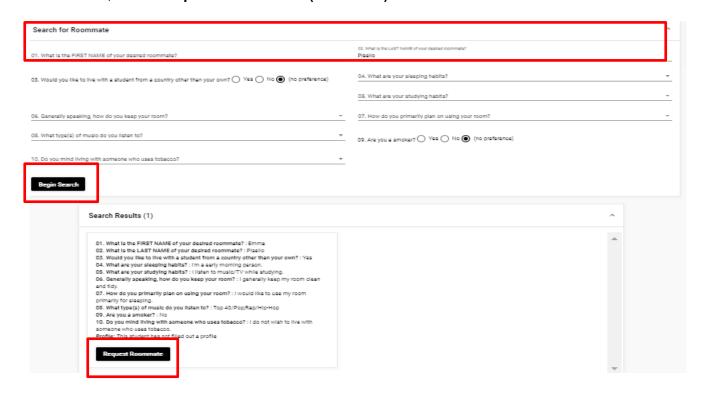

6. Click on **SELECT ROOMMATES** in the left menu (see below). You will then need to select the **TERM** in the drop box at the top middle of the page for the **SEMESTER/YEAR** you are applying for.

7. After selecting the appropriate semester, you can search for a desired roommate. You will then click on **SEARCH FOR ROOMMATES** in the bottom box (see below). You can confirm up to 7 roommates!

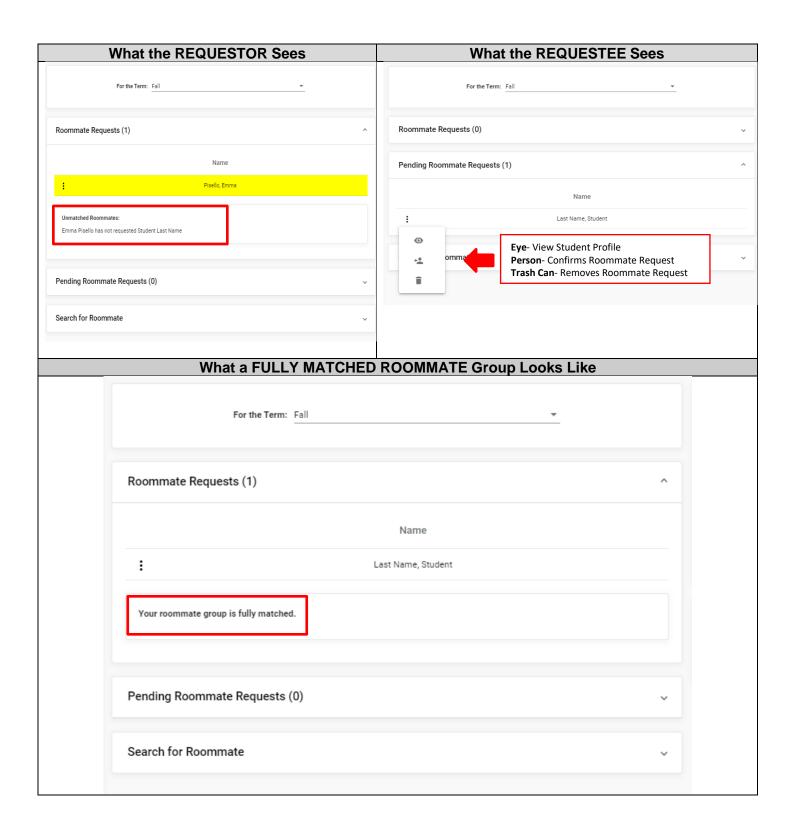

- a. If you have a roommate in mind, you can search by their name, email, ID number, etc. Once you find them, click "Request Roommate" (see below). NOTE: If the person you want to live with has not yet completed the housing application, you will NOT be able to search for them, as they are not yet in our system.
- b. **If you don't have a roommate in mind,** you can search based on the personal preferences criteria that you completed in your housing application. We suggest **only selecting 1-3 living preferences** that are important to you so that you may have better results in finding a roommate. Once you find them, **click "Request Roommate" (see below).**

8. Pending Roommate Requests: If a person has requested you as a roommate, you need to accept or deny that request (similar to a Facebook friend request) in the Housing Self-Service Portal.

If you remove a roommate, they will also receive that information in an email. Here is what you will see:
