

SENIOR RESEARCH PROFESSORSHIP STIPEND:

Council of Deans
Minutes of the Meeting of September 4, 1996

1. The Council discussed the issue of providing a modest stipend to accompany the newly-created Senior Research Professorship. The following decisions were made:
 - A. The request for such a stipend would be adjudicated on a case-by-case basis, and the recipient will require the support of the Dean.
 - B. The stipend would be provided for one 3-year term with the possibility of renewal.
 - C. The stipend will range from \$500 to \$3,000, and be given in the form of reimbursements for professional expenses that have secured the approval of the Dean.

Associate Provost Renu Juneja will work with the Deans to prepare a list of activities which can merit support.
